REQUEST FOR QUOTATION (RFQ)

RFQ Reference	GMHI/PROC/26-184	**Issue Date**	20 October 2026
Quotation Due	27 October 2026, 5:00 PM IST	**Enquiry Type**	New Purchase
Project	Assembly Unit Expansion	**Delivery Location**	Sanand GIDC, Ahmedabad

To: Sales / Estimation Department
Subject: Supply of Electric Chain Hoists, Trolleys and Hoist Components

Dear Sir/Madam,
Please submit your most competitive technical and commercial offer for the items listed below. All equipment shall be new, unused, suitable for industrial duty, and supplied with applicable test certificates, operating manuals and warranty documentation. Clearly identify any deviations.

1. SCHEDULE OF REQUIREMENTS

Sr.	Item / Description	Minimum Technical Specification	Qty.	Unit
1	Electric Chain Hoist – 2 T	WLL 2,000 kg; 3-phase, 415 V, 50 Hz; 6 m lift; pendant control	8	Nos.
2	Electric Chain Hoist – 5 T	WLL 5,000 kg; 3-phase, 415 V, 50 Hz; 6 m lift; pendant control	4	Nos.
3	Manual Push Trolley – 2 T	Compatible with offered 2 T hoist; state beam flange range	8	Nos.
4	Manual Push Trolley – 5 T	Compatible with offered 5 T hoist; state beam flange range	4	Nos.
5	Alloy Steel Load Chain	Grade 80 or equivalent; nominal diameter 10 mm; traceability required	200	Metres
6	Hoist Brake Assembly	Compatible with 2 T electric chain hoist; state make and model	4	Nos.

Note: Quantities are estimated for quotation. Final quantities and configuration will be confirmed in the purchase order.

TECHNICAL REQUIREMENTS & BIDDER RESPONSE

RFQ Reference: GMHI/PROC/26-184 | Project: Assembly Unit Expansion

2. TECHNICAL AND QUALITY REQUIREMENTS

Clause	Requirement	Details
2.1	Duty and construction	Equipment shall be suitable for regular industrial material-handling service. State duty classification, operating cycle, and recommended service conditions.
2.2	Electrical requirements	Motors and controls shall be compatible with 415 V, 3-phase, 50 Hz supply. State motor rating, insulation class, ingress protection rating, and control voltage.
2.3	Safety features	Provide overload protection where applicable, upper/lower travel limits, emergency stop on pendant, and suitable braking arrangement.
2.4	Standards and testing	State applicable IS/ISO/EN standards. Provide routine test certificates, load test certificate, and inspection reports as applicable.
2.5	Documentation	Supply operation and maintenance manuals, recommended spare-parts list, wiring diagram, general arrangement drawing, and warranty certificate.
2.6	Identification	Each major item shall have a durable nameplate showing manufacturer, model, serial number, rated capacity, and manufacturing date.

3. BIDDER TO COMPLETE

Required information	Bidder response
Manufacturer / Brand	To be specified in quotation
Offered model / part number	To be specified in quotation
Country of origin	To be specified in quotation
Warranty period	State offered period
Lead time from PO	State in calendar weeks
Technical deviations	List each deviation; write “Nil” if none
Datasheets and drawings attached	Yes / No

4. INSPECTION AND ACCEPTANCE

Material may be inspected at receipt for quantity, visible damage, completeness of documentation, and conformity with the purchase order. Any shortage, transit damage, or non-conformance shall be reported to the supplier for resolution. Receipt of goods does not waive the purchaser's right to raise a documented quality claim for latent defects within the applicable warranty period.

COMMERCIAL TERMS & SUBMISSION INSTRUCTIONS

RFQ Reference: GMHI/PROC/26-184 | Quotation due: 27 October 2026, 5:00 PM IST

5. COMMERCIAL TERMS AND CONDITIONS

Topic	Condition
Price basis	Quote in Indian Rupees (INR), preferably FOR Sanand GIDC, Ahmedabad. Identify freight, insurance, packing, and other charges.
Taxes	Show GST rate and amount separately. State HSN/SAC codes for each line item.
Delivery	Required within 4–6 weeks from purchase order. Provide item-wise lead time and a committed dispatch schedule.
Payment	Requested terms: 30 days from delivery and acceptance. Clearly state any proposed deviation.
Validity	Offer shall remain valid for at least 30 calendar days from quotation submission.
Packing and transport	Pack suitably for road transport and protect against moisture, corrosion, and handling damage. State dispatch point and freight terms.
Warranty	State duration, start date, exclusions, service response time, and process for replacement or repair.
Order acceptance	No substitution or deviation shall be accepted unless approved in writing before supply.
Documents	Provide GST details, datasheets, applicable certificates, warranty terms, and bank details on the quotation / pro forma invoice.
Late delivery	Inform the purchaser promptly of anticipated delays and propose a recovery schedule. Any liquidated-damages clause will be agreed in the purchase order.

6. QUOTATION SUBMISSION CHECKLIST

- ■ Item-wise unit price and extended total for every requested line item
- ■ GST, freight, packing, insurance and other charges shown separately
- ■ Delivery commitment and quotation validity clearly stated
- ■ Brand, model, datasheets, drawings and certificates attached
- ■ All deviations and exclusions explicitly listed

7. SUBMISSION DETAILS

Email your signed quotation in PDF format to **purchase@gmhi.example** with the subject line **Quotation – GMHI/PROC/26-184 – [Supplier Name]** no later than **27 October 2026, 5:00 PM IST**.

For technical clarifications, contact **Rahul Mehta, Purchase Manager** at +91 79 4000 2180 or purchase@gmhi.example. Any clarification affecting price or delivery should be received before the deadline.
